reflections

reflections of the way we were
the friends we had
the good times we shared
the dreams of tomorrow

the past was our key to tomorrow
it was the twilight of our dawn
to begin to search on our own
we possessed the world

it was placed in our hands
we made decisions
dreams, and hopes
of where life would lead us

we are well on our way now
so we reflect on our past
to nourish us with the memories
of which to form our future

Love ya truly,

Mary A Rodwell

Dave -

Boy, your yearbook is pretty filled up! I couldn't find anywhere to write.

This year has come and gone by so fast, ~~and~~ I find myself trying to look back for things that are just not there. All I remember are times where I have let you down - times where it was my fault you had a bad time. I'm truly sorry for that but, you have to understand homecoming and prom just weren't anything I wanted to get involved with. Next year I might run for class president so I just might get involved! table of contents A lot has happened to me this past year and there are many memories that won't be forgotten. I hope you understand this which I'm sure you will. I hope now that our relationship is understood, we can do a lot more together. This summer we'll have to play some tennis and maybe go to a couple of movies!

This yearbook is really great! You did a superb job on this yearbook and it is appreciated! I didn't forget about the bunny! That, I must say, was quite surprising and it made me feel quite stupid. I owe you something!

I'm in trouble now because I wrote on this page. Everyone is getting at me because it's such a neat picture and it's your table of contents page. I'm sorry - I'll give you mine. I didn't want to write on this page but, it's the only place I had enough room to do it. I hope you understand.

You're a great guy Dave, I'm sure you know that and if you don't you do now. Have a great summer and take it easy.

Friends always,
Love,

Darcy

Dave. Well, I'll blame you for the gray hair on my head, having to put up with you in Honors. Just change your life. Don't go along with the attitude and lack of success. Lots of love in the future - this one's for you, mr. berra

Mr. Terry "Yogi" Berra grew up in a small town near LaCrosse, Wisconsin. He majored in industrial education at Stout University. He started his teaching career at East Troy High School our junior year.

Mr. Berra, you have a way of relating to our class **not** on a teacher to student basis, but rather on a person to person basis. To us that is very special. You are able to guide us, understand us and give us the feeling you're on our side. The memories of you will always "reflect" upon us! So "Yogi", this one's for you!

Dave,
we've had some pretty mean times that I don't wanna
remember, I hope we can start over next year.

Dave,
I don't know you
all that well, but I know that
you are really a great guy. You
easy to talk to and it's good to see
a person work hard at what he's
good at.
I enjoyed getting to know you
this year. You guys did a nice job
on this yearbook!
I'm at a loss for words, so
I better quit. Good luck in what
ever you end up doing.
Take care.

I wish you the best of luck in your senior year. I know you'll have as much fun as you want (but just don't get into trouble). You're a terrific person, don't change for anyone. p 124

well, Sec.

In the beginning of the year, I looked at our Junior Class and said to myself, "Myself, we're going to go far," and we managed to get to where we were proud of ourselves. We really had enthusiasm and a lot of class participation. Because our class has pushed to stay together, we could do almost anything, once we set our minds to it.

The class had good lungs, big hearts, and with that you need big mouths and we had enough of them. Our class has had fun this year and hopefully we'll have more fun next year.

I would like to congratulate the class of 1981 for doing such a fine job our junior year.

The freshman class has shown a closeness team spirit, a willingness to work together and a capability of getting things done when we set our minds to do so.

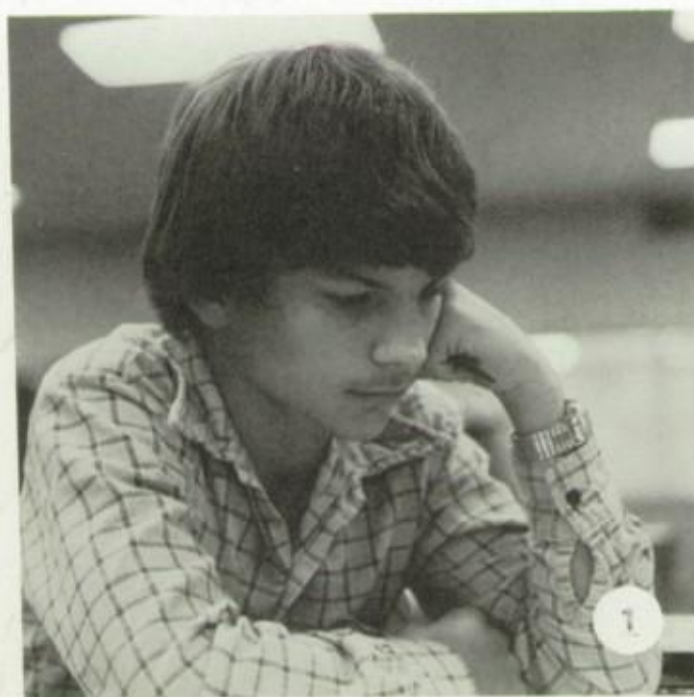

This year's experience of entering the High School and meeting new people is an exciting one. We won the Homecoming sign competition, were active in sports, drama and other extra-curricular activities. We show signs of great school/spirit and loyalty to our school and class. Hopefully this will continue to carry on through the next three years, so that we may set a good example for other students that will be joining us in ETHS.

We have had our share of good times and bad times, which we manage to work through.

We know that what we do with our future is up to us. As Mr. Vince Lombardi once said, "Leaders are made, they are not born," and I feel that in our freshman class we are doing our best to "make" a few leaders. Let us help and support our present leaders for our future and leave our mark on our school.

I would like to thank all of my classmates who voted for me for Freshman Class President.

WORLD

TROJAN

A

Iranian Embassy Seized

Ayatollah Ruhollah Khomeini and his followers took the world by surprise when they seized Iran's U.S. Embassy in November.

Iran's problems began when Kurdish rebels were brutally executed. Shah Mohammed Reza Pahlavi was forced to flee the country while Ayatollah Khomeini came back from exile to become Iran's political and spiritual leader.

Shortly after Khomeini took power, the Shah came to the United States for cancer treatment in New York.

Government

Happenings

The following is a list of the major government happening from the past year that have affected the USA.

- President Jimmy Carter led Egypt to the signing of the peace treaty.
- Salt II treaty (nuclear arms control) is under heavy debate in Congress
- U.S. recognizes Red China and breaks treaties with Taiwan.
- President Carter dismisses five Cabinet members.
- Jane Byrne has become Chicago's first woman mayor.
- Margaret Thatcher has become Europe's first woman Prime Minister.

Iranian students seized the embassy in Teheran and took 62 American hostages. They accused the hostages of spying and demanded the Shah's return before they would consider releasing the hostages.

President Jimmy Carter has been using diplomatic means, trying to resolve the crisis. These include support from the United Nations, Nato and other nations around the globe. He has made it clear that other alternatives are open if diplomacy fails.

As a result of this crisis, Americans have united and are, once again, proud of their country.

Wild

Weather

The wild weather of 1979 started on Jan. 1 with a blizzard depositing 30 inches of snow in East Troy. By the end of the season, we had broken the record of inches on the ground at one time.

In April, a series of tornadoes killed scores in Texas and Oklahoma. Yet, in late August, Hurricane Bertha flooded parts of Florida killing several more people.

The start of the later winter season has been unseasonably warm and dry with only 5.2 inches of snow.

DE

Principals

Switch

Much has happened in the school system as far as principals coming, leaving and entering new positions.

Oscar Rieben, the East Troy Junior High School principal, retired in June, 1978 and Scott Hurh replaced his position, but only until June, 1979, when he resigned. During the summer before the '79-'80 school year there was a bit of confusion on what to do. The School Board finally decided to transfer Lorn Marelski, the principal of

Mini-Courses

During the three days of deer hunting season, when the classrooms were almost empty with the hunters away, a new trade was being learned or an old craft was being updated or maybe a muscle was being toned.

These and more were the result of the mini-courses offered at the high school. Jill Sturm and LaVonne Schroeder were the coordinators of organizing the minicourses while faculty and a few students taught the courses.

They seemed to run smoothly from many of the student's views but a questionnaire was given on the last day of the courses to see how everyone felt about them. Mini-courses may never again be offered at ETHS but with student encouragement they may possibly be offered another time.

Inflation

Soars

The Arabian countries, who own most of the productive oil wells, rose their prices throughout the year, so that in places, American customers have been paying up to \$1.25 for one gallon of gas. Not only have prices risen but quantity has fallen, causing massive lines of cars to pile up in front of gas stations and some stations to close either a few days a week or completely. Automakers have been pressing

FBLA is a vocational group for students enrolled in business courses and who are interested in pursuing a career in the business field. Activities are geared to initiate leadership capabilities, teach students about the free enterprise system, give information on possible careers, and aid in the transition from school to work.

Some of the activities FBLA has originated in the last three years include: an all-school career day, career presentation for the eighth graders and the fifth graders, community Christmas Bazaar, answering letters to Santa Claus, and planning activities for National Vocational Education Week in February.

We also attend Executive Board meetings at the state level and Regional and State conferences in the spring. We have a state officer who has attended a National Conference in New Orleans and in San Francisco.

We visit the nursing home at Christmas; socially, have a shopping trip in December, and a skating party in February. The last big event is our annual banquet held in May. We have won second place in the Homecoming float contest both years we have entered.

Each year we have several Regional contest winners who attend the State Conference in Green Bay in May. This year we have 20 members entering business contests which will be held at Franklin High School in February.

Reflections - a cause to return to our high school years. We named the 1979-1980 yearbook **Reflections** so as we grow older and further apart, we'll find that our yearbook was what it was meant to be - a reflection - causing us to return to a year of laughter, decisions, hard work, friends, sorrow and joy. We hope the pages in this book will somehow cast back memories to you of experiences shared by us all.

In an effort to foster its goal of friendship, peace, and understanding, the AFS club is continuing its cultural exchanges of hosting foreign students and sending Americans abroad. In addition to foreign exchanges, our students have an opportunity to learn more about their own country through the Domestic Program exchanges in which they spend a semester in a school in another state. The club also tries to arrange short-term exchanges with clubs in other areas, providing an opportunity for a group of East Troy students to spend a week in another community and then to act as hosts to students from that community.

This year our American Abroad was Alice Muehlbauer who spent the summer in Turkey. Our Domestic Program student, Sandy Foat, spent the fall semester in Liberty, Mo. This year we have been host to two foreign students. Andrea Joehnke has shared with us a bit of Germany as well as her warm smile and friendly personality, and Boleen Silalahi from Indonesia has enriched us with his charm and talent.

american field service

If I haven't told you before now, it's time to say thank you to all of you. I enjoyed my time in East Troy and at the high school so much different from my hometown (Eckernförde, W. Germany).

East Troy teachers, students, secretaries, and all other citizens made my A.F.S. year a great experience.

A.F.S. is a really good program. It makes people understand that there is another world and not only one country with one language. When I go back to my school, I want to make the A.F.S. program as popular as it is here.

I got to know so many nice people and I made very close friends.

Special thanks to all A.F.S. staff members, the school staff, and my host family the Leuteneggers.

I will come back as soon as possible.

Sincerely,

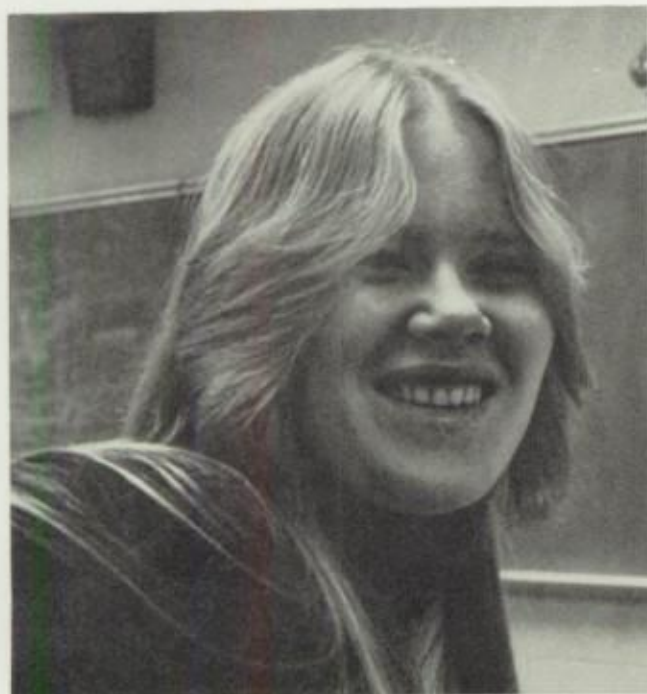

Andra Jöhnk

As far back as I can remember, coming to the United States was my biggest dream. And it came true. I really enjoyed this A.F.S. the greatest experience for me. I wish to thank the Parsons' family and everybody for being so kind and friendly to me.

Sincerely,

Paulina
(Bolean. Silalahi)

My domestic exchange to Liberty, Missouri was wonderful. The five months I spent there will never be forgotten.

On the first day with my new family I kept thinking to myself, "What have I gotten myself into?" In a week I could answer that question. I had gotten myself into a wonderful host family, love, understanding and new friendships.

The memories of this exchange will always remain in my mind and heart.

I wish to thank all those who helped send me to Liberty, Missouri. I think that anyone passing up the chance to participate in AFS is missing a wonderful and exciting experience.

Meva seems like such a nice person and friend and teacher it's too bad I didn't get to know her better.

*Dearest David
You're one of the nicest guys in this school. I promise you any more time from now on.
I won't attach your name to anything in my life unless it's something you've done or said.
I'm going to gym class - fun and do a great job in this summer.
I'll be home for Christmas - Xmas!
All my love
Janelle
P.S. Don't do anything I wouldn't do unless we do it together!*

Dave-

Many, many thanks for all your creative efforts this year! You contributed so much for so little recognition. Do continue your creative work and singing in the years to come. I'll expect to be able to say one day, "Hey, I know that creative, successful David Fischler." And you'd better say you know me!! Don't work too hard. You have the rest of your life to do that! Thanks for making my year at ETHS a good one!

Best wishes for your future!

Neva Kimble

(I'll miss that high, falsetto voice shouting "Neba, Neba" from down the hallway!)

Love,
Kris6.

Dave, I'm happy I
got to meet you this year
mostly through the foot-
ball games & parties.
What a blast, hey! Isn't
it funny how I'd been
coming out here & ending
past your house all the
time, but never met you.
Well, I'm just glad I
finally did. You're a real
sweetie! Good luck always

Fred,
 It's really too bad we ~~don't~~^{can't}
 get to see each other at camp again
 this summer. It was a great time... most
 of the time. I'm going out into the real world
 this year, so I guess I'll have to watch my-
 self when I'm in public. Have a good one and
 I'll see you at the camp once or twice this
 summer. Good luck, and don't go too out-
 rible I'm not around to watch you.

Dave,

May 30, 1980

I wish I could know where to begin!
There's so much I'd like to thank you for,
but I guess I could ~~so~~ sum it up in saying
thanks for being a friend. Yearbook was so fun,
I'm really anxious for next year. We're going to
have a blast next year... Oh!! I just can't
wait!! Homecoming and all! I'll never forget
Scurks first party - when you and I got so
drunk. Even though I embarrassed myself quite
a bit, I found out how much fun you are when
you're loaded! And I won't forget the evening
we spent in Rays parking lot - then out for pizza -
you're fantastic to talk to ^{with}. Well Dave, writing
these things never really turn out to what I
want ^{them} to say. So, I hope I haven't missed
anything. Have a good summer - I'll be seeing
you at Rays if you don't quit. And call me -
we'll go get smashed together - or just have a
good long talk (like we usually do.) I hold
your friendship close to my heart.

Take care,

My Love to you and always!

Drama Club's spring production was "Ask Wojciechowski, S. Gehr, J. Pontell, G. Hay, Any Girl". The three-act, romantic comedy was directed by drama coach LaVonne Schoreder and student directed by Sharon Gerhartz. In charge of props and building the set was Neva Kimble. This year, the construction crew spent many hours building a box set which can be used over and over again. Much time was put into this play but it was well worth the effort.

Many individual and group efforts joined together to make the 1979-80 Forensic season one of the most successful ever! The team attended contests at Whitewater, Big Foot, Milwaukee Hamilton, Delavan-Darien, Waukesha North, and Marquette High School. East Troy placed third in the conference Tournament at Big Foot, and in the Milwaukee Hamilton Tournament, ninth of forty-one. At the State Tournament April 26, ten of the nineteen participating received A's. These were Kerry Adsit, Peggy Arndorfer, Julie Brossard, Paul Hofmann, Chris Knox, Cindy Larsen, Karen Lucas, Mary Rodwell, Helen Sampson and Margaret Szmanda.

Highlighting the season were some special achievements. Seniors Helen Sampson and Margaret Szmanda earned first place trophies twice for their performance in the Interpreter's Theatre category. A first place trophy was also earned by freshman Mary Sirkman in Storytelling. More trophies were earned by Lois Karcha, Bill Andre, Rick Thomas and Terry Barkei (Colleen Scherkenbach), an Interpreter's Theatre group coached by Martha Bresler.

Throughout the year, team members spoke at various community groups such as the Women's Club, St. Peter's School, the Kiwanis group and the Masons. The Forensic Team wrapped up a fine season by presenting the "Fabulous Forensic Finale" in the Lecture Hall for parents and friends.

Congratulations on a great year!

It was a good year. We set a fair amount of records which is a sign of the hard work and the talent that the individuals had. There was good team morale which helped make practices fun even when they were often tough. Mr. Dan Smith, track coach
